## INTRODUCING TEACUPS

Use adorable cup-shaped beads, called Teacups, to make round components that are perfect for gifting. Make several in personalized colors and quickly string them together on a chain.

### 2. Component jewelry ideas:

**Earrings:** Make two rings and use jump rings or beaded loops to connect them to earwires.

**Pendant:** String rings directly onto a chain, or stitch a small bail off of a Demi Round.

**Bracelet:** Connect multiple rings end to end with loops made of seed beads.
