ABOUT THE ARTIST: ZSUZSANNA ERDEI

Articulate Beading Designer Fascinated by Color Therapy and the Mathematics Behind Beading

Originally from Hungary, I have lived in the United States with my husband and children for fourteen years. I have been beading since 2010 and started making my own patterns in 2015. Several of my designs have appeared in American, British, and Czech magazines. Beading for me is meditation; it allows me to forget things and feel at peace. While teaching at my local bead store, Eclectica Beads, it makes me happy to see students express themselves in their own way.
